CBA #: 639265

Fantastic opportunity to lease a fully renovated 11k sq ft building in Bellingham's downtown commercial core. The landlord is open to working with the tenant to customize and create the perfect floor plan to fit the tenant's needs. The building is equally divided between the 1st and 2nd floor, and with some creativity, the spaces could work for two separate tenants. Both floors of the building are 75% open, with offices and conference rooms situated to the back of the building with tons of natural light cascading through the storefront and the 2nd floor. Access to the 2nd floor is by a wide steel staircase or the elevator. The 2nd floor has very high ceilings with an exposed structural truss system that adds to the character of the space—the perfect location for a tech company or engineering firm. However, it could work well for a large brewpub or restaurant. Don't hesitate to bring your ideas to this super cool building in a premium downtown location. The building will be vacant on July 31st and available for lease in the first week of August.

CBA #: 639265

Fantastic opportunity to lease a fully renovated 11k sq ft building in Bellingham's downtown commercial core. The landlord is open to working with the tenant to customize and create the perfect floor plan to fit the tenant's needs. The building is equally divided between the 1st and 2nd floor, and with some creativity, the spaces could work for two separate tenants. Both floors of the building are 75% open, with offices and conference rooms situated to the back of the building with tons of natural light cascading through the storefront and the 2nd floor. Access to the 2nd floor is by a wide steel staircase or the elevator. The 2nd floor has very high ceilings with an exposed structural truss system that adds to the character of the space—the perfect location for a tech company or engineering firm. However, it could work well for a large brewpub or restaurant. Don't hesitate to bring your ideas to this super cool building in a premium downtown location. The building will be vacant on July 31st and available for lease in the first week of August.
